

Horn Speaker

GST8441

Features and Benefits

- High efficiency horn speaker
- Wide frequency response and high SPL
- Waterproof white plastic suitable for all types of weather
- Durable construction ensures long term reliable operation
- Ideal for car parks, warehouses, plant rooms and noisy production area.

Ordering Information

Part Number: GST8441
Description: Horn Speaker

Technical Specifications

- Model: GST8441
- Operation Voltage: 70/100V
- Rated Power: 15W,25W
- Max. Power: 25W
- Sound Level (@1M): 113dB±3 (SPL)
- Frequency Range: 250Hz to 8kHz
- Impedance: 280Ω, 410Ω
- Case Material: plastic
